

Information about the **Test-1** of „Basic Mathematics” for all groups

1. Date: 19-th of March (Thursday) 18:00 pm, in the following rooms

Groups 1:	room S-0.803 (Szabó terem, Southern Building)
Groups 2 and 3 and 4:	room S-0.821 (Bolyai terem, Southern Building)

2. Topic: can be read in Canvas (Introduction module, “The dates and the topics of the tests”)
3. The test will be personal „write-on-paper” test. Total time: **90 minutes**.
4. At the start of the test put on the table some card for personal identification (identity card or passport or student card).
5. We ask you to use A / 4 size white “plain” (non-square, non-lined) paper sheets in a standing position. **We ask you to bring with you 8 sheets of such empty papers.** We can give you some such paper sheets if you don’t have it. The pen students use must be blue or black. Pay special attention to legible writing.
6. Please describe the solution of each task in handwriting, similar to the task solutions given in the exercises, with a detailed explanation. Insufficiently detailed justification may lead to a deduction of points.
7. Please write and circle the number of the task in large size, your name and NEPTUN code in the question sheet and in the upper left corner of each sheet.

Bp. March 13, 2026
